I *Still* S Do

SONGS FOR A BIBLICAL MARRIAGE

As my wife and I celebrate our 34th year of marriage, I have put together a collection of songs that God guided me to compose for my wife and our marriage over the course of these years. It is my prayer that these songs and messages will inspire other marriages to stay the course, correct the course if needed and never leave the course. Marriage has the potential to be the greatest natural relationship that one can experience; however to experience marriage at it's fullest, one should abide in the marriage principles designated by the creator of it, God and the guidelines of his holy scriptures. To all that are in, or entering into God's biblical marriage covenant, please allow these songs to encourage you in your marriage.

I Still Do

Words by Derrick & Lamar Pearson

Music by Derrick Pearson

Through all the good times and through the bad times

I've come to recognize what matters in my life

Having you by my side has made me realize I'm blessed to have you as my wife

Baby I value you and appreciate all you do.

I delight to honor you with three little words ever so true

I still do, still love you and after all of the things we've been through

Still I do, love you anew; I thank God that his grace brought us through

From now to forever, I offer this promise to you, I still do

Through all the best times, and all of the rest times

It's been such a blessing how your love's strengthens me. I want you know that, I will

always strive at being the best wife that I can be Through all the challenges an every day issues of life

With God we've balanced it and to you these three words I recite

I still do, still love you and after all of the things we've been through

Still I do, love you anew; I thank God that his grace brought us through

Always and forever I offer this pledge clear and true I still do

As we fulfill our life's demands as long as you're by

me together we will stand

The love we share will never end. I married my very best friend

(Will you say that again? From now til the end)

I still do, still love you and after all of the things we've been through

Still I do, love you anew; I thank God that his grace brought us through

We won't let time divide we will grow close with each passing day. With God as our guide He'll be faithful to lead us to say I still do

I still do- still love you

Still want to hold your hand still know you understand

Still want to hold you tight as we fall asleep at night

Still look into your eyes reflecting back a tie that binds

Still won't answerer phones so we can be alone

Intimacy (in-to-me-see)

Words & Music by Derrick Pearson

The way I feel it may be strange to some for me to say

Only real men articulate feeling this way
What began as physical appeal, is now so much more
What I have with you is more than something sexual
I am aware that what we share is something spiritual
As the Lord has known and searched me, I do explore you intimately
I in you, and you in me, and we in thee, that's real intimacy
I in you, and you in me, and we in thee, that's real intimacy
I want to feel how you feel down on the inside
To know your goals and the thoughts on your heart and mind
Understand what makes you sad or glad, even things that make you mad
With patience I will listen as you share about your days
Taking time for us to talk and communicate
You will be my first ministry, so I will study you to know you intimately
Repeat Chorus
Every day I will strive to know you well
According to my knowledge we will dwell
Giving you honor as my wife, as we share the grace of life

Through Jesus Christ

Words by Derrick Pearson & Kimberly Johnson

Music by Derrick Pearson

Beware lest any man spoil you through philosophy and vain deceit or after the tradition of men or after the rudiments of the world and not after Christ. For in Christ dwells all the fullness of the Godhead bodily. And you are complete in him, which is the head of all principality and power. Colossians 2:8-10

I've looked for love each and every day

I looked for love in every way

But now I can truly say

Through Jesus Christ I found true love

I was once blind but now I see

So lovingly Jesus watched over me

In His Spirit there is liberty

Through Jesus Christ I found true love

Love & Faithfulness will make us pure

With these vows now I am sure

The test of time our love will now endure

Through Jesus Christ I found true love

Through Jesus Christ I found true love

Through Jesus Christ I found true love

My Husband (M.O.G.)

Poem by Lamar Pearson

Music by Derrick Pearson

You sweet husband are obedient and wise, so our
promise of protection is sound
Your strength and guidance through the Lord Jesus
Christ gives us peace at night when we lie down
Your standard like God's is goodness and truth not
hate, deceit, nor lies
Proverbs 13:20 promises' us as His sheep, "He that
walketh with wise men are wise."
Like Joshua, who was mighty in battle and a
spiritual giant as well
Your prayers, your Faith, your consistent love,
causes your family in blessings to dwell
So honey, as Father and husband, as friend, as lover
and head
No man, no person can match up to you. I'm glad
you're the man that I wed.

Only You

Words & Music by Derrick Pearson

The sun shines on a brand new day, with the day are
choices I must make, but it's ok

What will I eat, what shall I wear? How will I dress
and how to style my hair,

I will not despair

Some many choices to make over the course of a
day

When it comes to whom to give my heart the
choice has been made.

It's only you, My one and only, my one and only
Only you, only you I can trust my whole heart to.

It's only you

My one and only you, my one and only

Only you, only you, it's your love I know that always
see me through

My one and only you

You never mean me hurt nor harm, and I feel safe
just resting in your arms, without alarm. Your love
for me is everywhere, you always care and you are
always there, no one else compares

At times when I don't agree with what may be best
for me

I can trust the unconditional love I feel and see from
only you

My one and only, my one and only

Only you, only you I can trust my whole heart to.

It's only you

My one and only you, my one and only

Only you, only you, it's your love I know that always
see me through

My one and only you

At times when I don't agree with what is best for
me

I can trust the unconditional love I feel and see;
satisfaction's guaranteed from only you
Only you I can trust my whole heart to
It's your love I know that always see me through

Thank God 4 U

Words & Music by Derrick Pearson

I'm so thankful that God has blessed me
With you women the love of my life
A woman of beauty and you're so good to me
I'm so grateful that you chose to be my wife
You're a women of great skill and abilities,
Everything you do for me satisfactions' guaranteed
Lord knows I never knew a love so real and so true
So everyday this what I plan to do
I thank God for you you've been a dream come true

I pray and thank the Lord for blessing me with you
I thank God for you and all the things you do
So every day I thank the Lord for someone like you
You're so precious, priced far above rubies
Let me provide for you and attend to all your needs
I would never hurt you, never ever desert you
Right here right by your side, is where I'll always be
You are my heart and you are my soul
It's you and I forever and together we'll grow old
Lord knows I never knew, a love so real and so true
So everyday this is what I plan to do

Bind Us Together

Written by Bob Gilman

Bind us together, Lord, Bind us together
With cords that cannot be broken.
Bind us together, Lord, Bind us together,
Bind us together with love.
There is only one God; there is only one King;
There is only one body that is why we sing:
Bind us together, Lord, Bind us together

With cords that cannot be broken.
Bind us together, Lord, Bind us together,
Bind us together with love.
You are the family of God; you are the promise divine;
You are God's chosen desire; you are the glorious
new wine.

Bind us together, Lord, Bind us together
With cords that cannot be broken.
Bind us together, Lord, Bind us together,
Bind us together with love.

In God's Hand

by Derrick Pearson & Terry Stubbs

I do love you and I know that you love me
As man and wife we would always be, you and me
Somehow our marriage took a turn for the worst
We both said and did things that hurt
But before we say our final good-byes

There's still something we both need to try
Just put our hearts in God's hands
In Christ we have the victory
Just put our hearts in God's hands
We can live in harmony
You and I have tried to put the past behind
But still the past seems to last in our hearts and
minds

We still want what we had once before
But we don't even talk anymore
Marriage counselors have done all they can do
There's only one place left to turn to
Just put our hearts in God's hands
If we want to see our dreams come true.
Just put our heart in God's hands
There is nothing that the Lord wont do
I can do all things through Christ that strengthen me
Greater is He that is in me than he that is in the
world

If we really want this marriage to work
We need God to heal our hurt
If we seek first the Lord Jesus Christ
Then everything will be all right.
Just put our hearts in God's hands
In Christ Jesus we must put our trust
Just put our hearts in God's hands
Remembering that God is love
Just put our hearts in God's hands
We can't seem to do it by ourselves
Just put our hearts in God's hands
It's so obvious we need God's help

Adjustments (We Must Adjust)

By Derrick & Lamar Pearson

There's something I've noticed I don't mean to make inferences

But it seems you and I have quite a few differences
Yes after our years of marriage and all that Jesus has done

It's still quite a wonder how God made us one
For example I've observed what you watch on TV,
Home decorating and lifetime that's just crazy to me

Any your viewing habits include lots of action
Police shows and football what dissatisfaction
Well you read all the time. You play music all day
But I read to learn. What's wrong with the music I play?

You wake up at 4. And you sleep until 8
Well I need my rest. And I don't want to be late
An our conversations, they can be quite slack
Because I like all the details? Just give me the facts!

And your idea of vacation, yeah lets see the country, lets roam
I say why go out in the sun with air condition at home
So we sought the Lord about our differences and all our conflicts too
And God took those issues and He gave us both the best thing to do
We have learned to adjust, our outlook you see.
Because when I sought God about you He first showed me-me.
Your slow concise conversation, you just like to think about what you'll say.
You don't mean any harm honey that's just your way
And when you're talking, God has given patience I'm listening I've heard,
Even when you're telling me a story that's as long as God's word
And occasionally, have you noticed; I'll listen to sports talk with you
And when you wake up early, sometimes I get up too.
God's plan for our marriage is most important you know
So we summit and laugh about it and just let some things go
Honey I'm so glad that God has made us one.
Yes it's been lots of work but it's been lots of fun.
In our marriage the Lord has really taught us to adjust

That which was once so important is no longer a must
The answer is God's way it's not a big riddle
Just stay holy and righteous we meet in the middle
It's not about who's right, it's not about who's wrong
Besides when I am weak then I get to be strong
So I now travel cheerfully and I can stay home and rest
Because we can see each other's point of view
Now all our vacations are blessed
And I've come to like your music, John P. Kee and Fred Hammond too
And I not only read more, now I'm reading to you
So to all the Christian marriages we love you it's true
And this small affirmation we offer to you.
In marriage you will find differences so to avoid frustration and disgust,
Always have a heart that is willing to adjust

Forgive Forget

Words by Derrick Pearson

Music by Derrick Pearson and EJ Thomas

Forgive forget and move on

Stop holding on to things long gone
Forgive what some others have done wrong
Just forgive forget and move on
You've been done wrong by, someone you thought you knew
So you've been hurt and you feel used
I understand how hurt feelings still remain
But to help you make it through, here is something you can do, just forgive
Forgive forget and move on
Stop holding on to things long gone
Forget about yourself and encourage someone else
Just forgive forget and move on
You still remember your hurt and the pain
For what's been done someone should pay
Revenge belongs to God and we all reap what we sow
Since the Lord forgave you, lets do the same for others too and forgive
Forgive forget and move on
Stop holding on to things long gone
Forget about yourself and encourage someone else
Just forgive forget and move on
Forgive forget and move on
Stop holding on to things long gone
Forgive what some others have done wrong
Just forgive forget and move on
Forgive forget, a brand new mind-set
Forgive forget, no more guilt or regret

Quiet Christmas Night

Words & music by Derrick Pearson

Oh how I love this time a year. Sharing joy and
Christmas cheer
With friends and family from far and near
Finding gifts under the tree, sharing love to the
family
Christmas time means so much to me
But now that all have gone and the Christmas day
is through
There is nothing more special then time alone with
you on our
Quiet night, our silent night, a quiet Christmas night
with you
Our peaceful night, our private time, this quiet
Christmas night with you

The Christmas lights are sparkling. Christmas songs
that I love to sing
To celebrate the birth of our Lord and king
Seeing smiles on the children’s face as they open
gifts on Christmas day
Warms my heart in a very special way
Of all the Christmas things that I love to do
Nothing means more then spending time alone with
you on our
Quiet night, our silent night, a quiet Christmas night
with you
A peaceful night, our private time, a quiet
Christmas night with you
Of all the Christmas things that I look forward to
Nothing replaces spending time alone with you on
our
Quiet night, our silent night, a quiet Christmas night
with you
Our peaceful night, our private time, this quiet
Christmas night with you

Young and In Love

Words & Music by Derrick Pearson

I met Lucy at a shoe store in the city
I thought she was sweet as pie and oh she was
sure was pretty
Made a date and took a trip out to the mall
We laughed and played all day and sure did have
ball
She became my best friend and lover through and
through
Being together is all we seemed to want to do
When not together we were talking on the phone
We'd play sick from work to spend more time
alone We were young
So very Young But we had each other's love in our
hearts we were so young
So very young, and just having fun Back when we
were young and in love
Young and in Love, Young and in love
We did some crazy things some wrong but felt so
right
I'm so glad one day she agreed to be my wife
Went to the Justice of the peace to exchange
vows
Soon came 2 kids and some how we even bought a
house When we were young
So very Young But we had each other's love in our
hearts, when we were young

So very young, and just having fun Back when we
were young and in love
Young and in Love, Young and in love
Young and in Love, Young and in love
Now we're older and the children are all grown
It's nice to be together in our empty home
We take walks, and laugh about our crazy ways
Thank God he kept us through our young-in-love
days When we were young
So very Young But we had each other's love in our
hearts, when we were young
So very young, and just having fun Back when we
were young and in love
